**NU**EAR<sup>®</sup>

# Hearing Wellness for **you.**

**At NuEar<sup>®</sup>, we believe that  
hearing wellness starts here.**

With iNOW™, our latest Made for iPhone<sup>®</sup> hearing aids, we can help you stay connected to the people and things you love most.

iNOW is NuEar's most advanced technology with supreme sound quality and premium features, customizable to fit your unique hearing needs and enhance your listening experiences.

***NuEar Sound  
has cutting edge  
technology that  
delivers true  
listening enjoyment.***

**iNOW™**

# Made for staying connected.

## Our latest Made for iPhone hearing aids and our easy- to-use TruLink™ Hearing Control app

are engineered to work specifically with your iPhone, iPad,\* iPod touch\* and Apple Watch.\* Together, iNOW and TruLink deliver the most personalized hearing experience ever, and are designed to:

- Deliver pristine audio and exceptional listening clarity
- Help you better understand conversations and hear comfortably in any noisy environment
- Stream phone calls, music and more, directly from your iPhone to your hearing aids
- Eliminate buzzing and whistling

# Made for better connections.

**iNOW intuitively connects to your iPhone, iPad and iPod touch via Bluetooth® technology and NuEar's easy-to-use TruLink app.**

TruLink offers additional features designed to enhance anywhere you go — so you can easily enjoy everything you do.

## SoundSpace

TruLink SoundSpace™ enables you to easily adjust sound to your specific setting. By simply moving your finger on the screen, you can adjust sound to your liking. Save your preferences in different situations as a TruLink Memory so that you're comfortable in any listening environment.

## Phone Calls

Answer your calls with the touch of a finger and hear an entire conversation streaming directly to your iNOW hearing aids via Bluetooth technology.

## Remote Control

With adjustment, you can change volume and switch memories on your hearing aids right from your iPhone.

## TruLink Memories

You can create up to 20 TruLink Memories using the SoundSpace tool on the TruLink app.

You can even geotag memories using the built-in GPS on your iPhone. A geotagged memory will recognize where you are, and automatically adjust your iNOW hearing aids when you enter that space. For instance, a geotagged “coffee shop” memory will automatically activate when you walk into your favorite coffee shop.

## Auto Experience Manager

Automatically adjusts your iNOW hearing aids’ loudness over time to help you transition to your new hearing experience in the most comfortable way possible.

## Pristine Audio Streaming

iNOW hearing aids provide direct streaming of phone calls, music and media from your iPhone – so you can enjoy clear communication and pristine audio streaming any time, anywhere, for impressive, immersive sound.

## Apple Watch compatible

Use the TruLink app for Apple Watch to control volume, change memories and mute your hearing aids right from your wrist.

TruLink Hearing Control app for Apple Watch provides you with even more ways to easily control and personalize your hearing experience.

## **Live Microphone**

Simply set your iPhone nearby, turn on the microphone feature and stream conversations directly to your iNOW hearing aids. You may also record, play back and email audio as it happens or save recordings to listen later.

## **Siri Integration**

You can have Siri® read texts and emails directly to your iNOW hearing aids.

## **Find my Hearing Aids**

Easily locate lost hearing aids using the Find My Hearing Aids feature, with both a location and a timestamp. A signal detector sends a stronger or weaker signal based on how close you are to locating your iNOW hearing aids.

## **Real-time Notifications**

Notifications for phone calls, texts, emails or other apps can be streamed directly to your iNOW hearing aids.

## **TruLink Adaptive Car Mode**

With TruLink's Adaptive Car Mode, iNOW hearing aids will automatically change to a setting designed to reduce the annoying sounds of driving and enhance your overall driving experience.

# Made for your music lovers.

**Tastes in music may be unique, but the power of music is universally understood.**

Thanks to the processing power in iNOW hearing aids, you can enjoy your favorite music in a whole new way with features that:

- Focus on music audibility, desired loudness and sound quality
- Make soft music sounds audible
- Allow on-demand and automatic control

The result is listening enjoyment for the way you want to hear music – automatically and in your control.

*“Life seems to go on without effort when I am filled with music.”*

- George Eliot

# Made to deliver the very best.

## You want

## iNOW delivers

*To hear comfortably in  
challenging environments*

**Acuity™ Directionality** is designed to improve speech audibility in difficult listening situations along with **Speech Shift**.

*Enhanced phone  
communication*

Direct streaming of phone calls from your iPhone to your hearing aids enables clear and comfortable conversations.

*Hearing that  
happens intuitively*

Geotagged memories automatically switch modes when the GPS feature in your iPhone detects you are in a tagged location. For example, a “home” memory activates when you arrive at home.

*Hearing that’s  
personalized for you*

The **SoundSpace** tool on the **TruLink** app lets you make minor adjustments to sound quality to suit your preferences in different listening environments.

*No buzzing or whistling*

NuEar’s best-in-class feedback cancellation system providing feedback-free, comfortable listening all day long.

*Durable, dependable  
hearing aids*

**Surface™ NanoShield**, our pioneering water, wax and moisture repellant system, to protect and ensure durability and dependability.

*Music the way it was  
meant to be heard*

Adjustable via the **TruLink** app, iNOW allows you to experience music in a whole new way. Now you can hear every note the way the artist intended – with pure, refined sound quality.

*Customizable tinnitus relief*

Advanced **Multiflex Tinnitus Technology** integrated into iNOW to bring relief to those who suffer from ringing in the ears and adjustable via the TruLink app.

Features may vary by technology level.

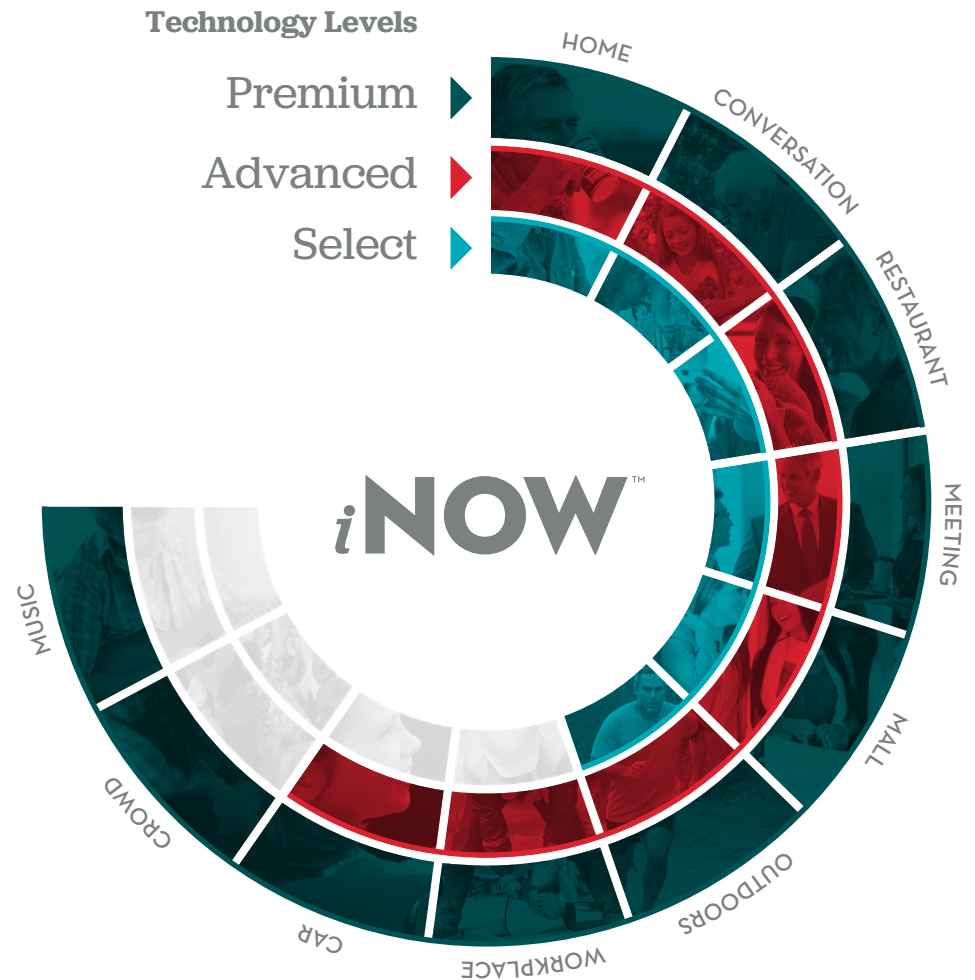

Made for  
**everywhere**  
you are.

From the beginning,  
our hearing solutions  
have enabled people  
to hear better in  
difficult environments –  
and live a better life.

With iNOW hearing solutions  
from NuEar, you'll begin  
to hear all the subtleties  
of life: the inflection in the  
voice of a spouse or the  
nuances in the notes of  
a favorite song. Whether  
it's one-on-one or in the  
most crowded places,  
you'll hear the world  
around you.

## Listening environments

**What is your  
hearing  
lifestyle?**

*Our lineup of products  
enhances many different  
listening environments.  
What you need depends  
on your lifestyle and how  
active you are.*

*Compare the listening  
environments on the  
chart inside.*

## Made for your style.

### Styles and colors

**iNOW™**

iNOW hearing aids are available in a RIC 13 (Receiver-In-Canal) style and a variety of colors. Consult your hearing care professional and start experiencing the discreet, sleek style of NuEar's iNOW hearing aids.

Made so  
**the world  
may hear.**

**Our Founder and CEO,  
Bill Austin, has always  
held a strong belief  
that the gift of better  
hearing results in a  
fuller and better life.**

We prove our dedication to this philosophy daily, through our support of Starkey Hearing Foundation. And for every NuEar hearing aid purchased, we help someone in need.

The gift of hearing opens up new worlds of opportunity. It connects individuals to life and helps them realize they can accomplish more than they ever thought possible. Starkey Hearing Foundation uses hearing as a vehicle to change lives around the world.

# Made for a happy, healthy life.

Hearing loss isn't just an ear issue, it's a quality of life and health issue.

It can occur for natural reasons, but other causes might surprise you.

## Older adults\*

with impaired hearing may have a **shorter lifespan** than their peers without hearing problems.<sup>1</sup>

\*70 years and older

People with a hearing loss experience a **30-40% faster decline in cognitive abilities** compared to peers without hearing loss.<sup>2</sup>

\*75 years and older

People with low-frequency hearing loss are considered **at risk** for cardiovascular events.<sup>3</sup>

## Adults with untreated hearing loss

were more likely to report depression, anxiety and paranoia than peers who wore hearing aids.<sup>4</sup>

\*50 years and older

Adults with untreated hearing loss **are more likely to develop dementia.**<sup>6</sup>

There is a significant association between **high blood pressure** and untreated hearing loss.<sup>7</sup>

People with mild hearing loss **are 3x more likely** to have a history of falling.<sup>8</sup>

## 90-95%

of people with **hearing loss can be treated** with hearing aids.<sup>9</sup>

iNOW hearing aids are made so people with hearing loss won't have to miss a single sound that brings them joy. They are made knowing people who hear better live better.

*Simply put, iNOW hearing aids are made for life.*

iNOW and TruLink are compatible with iPhone 6s Plus, iPhone 6s, iPhone 6 Plus, iPhone 6, iPhone 5s, iPhone 5c, iPhone 5, iPhone 4s, iPad Air 2, iPad Air, iPad (4th generation), iPad mini 3, iPad mini with Retina display, iPad mini, iPod touch (5th generation) and Apple Watch. Use of Apple Watch requires iPhone 5 or later. "Made for iPod," "Made for iPhone," and "Made for iPad" mean that an electronic accessory has been designed to connect specifically to iPod, iPhone, or iPad, respectively, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that the use of this accessory with iPod, iPhone, iPad or Apple Watch may affect wireless performance. Apple, the Apple logo, iPhone, iPad, iPod touch , Apple Watch, App Store, and Siri are trademarks of Apple Inc., registered in the U.S. and other countries.
